# Quesada Country Club Lakeview Restaurant

The Quesada Country Club is quite rightly known as the entertainment venue that has it all. This friendly family run bar and restaurant consists of a large sports bar with regular live entertainment, a large swimming pool, and pool bar, children's play area, crazy golf and a dedicated private restaurant serving top draw modern European cuisine. Food is available all day every day; diners can eat in the bar or on the terrace which commands spectacular views of the La Mata Salt Lakes and Natural Park. The bar menu is very comprehensive starting with all day breakfasts and breakfast sandwiches, basket meals served with chips, jacket potatoes, light bites, Indian curries and daily specials such as their menu del dia. Special mention does go to their Sunday Carvery which recently won an award from the Coastrider newspaper.

Their dedicated evening restaurant known as the Lakeview Restaurant is a hidden gem. Highly recommended is their famous 500gm Quesada Big Steak at only 12€ or the home made barbecue ribs, there are also combo's such as steak n ribs, or the surf, turf and cluck, which consists of steak, scampi and cajun chicken, all dishes are served with chips, salad corn on the cob and coleslaw. The choice of desserts changes regularly. For those warm summer nights check out their regular terrace barbecues. The eclectic atmosphere, combined with the fast friendly service and great menu make the Country Club the ideal venue for all occasions.
